6A Has it been a positive experience?

21 responses

6B Why? Why not?

21 responses

- I learn working in team
- I never had the chance of traveling, and this project helped me to do it for the first time.
- the human factor
- Because it helped opening my mind to a new way of teaching in and out of the classroom, working with other colleagues both from my school and other countries on soft skills and transversal competences, also experimenting peer to peer education, being linked to the territory and finding new sources for the implementation of students' curricula
- Because I know more other people and meet new Friends
- Because we have improved our English in a different way that I think that is interesting and funny. We have met a lot of people from more than five differents countries and we have had the opportunity to visit new places and travel at the same time that we learn English and more about the world.
- I've made friends from all over the world, travelled to other countries and found out about places I didn't even know
- Because we have known new people and have learned about our own environment

For my it has been a very good experience, since I have enjoyed with my companions and great acquaintance more some with those that relation did not have great, in addition I have known many new people, but it is a project that needs a lot of work, collaboration and initiative

During this experience we have been learning a lot about geocache, TICs and english. Moreover, I have really enjoy meeting new young people like us.

Maybe, we must have spent so much time working on it.

I think that the Erasmus is worth the effort if you love travelling, learning and making new friends.

I have had a wonderful experience because I have met many people that I hope to keep in my life. Because I have learned many things like working as a team, computer science and I have improved my English. Not to mention that it has allowed me the opportunity to visit other countries and visit them.

Yes because i Meet a los oficina people

Yes, it has been a very positive experience. Firstly, the fact of having to complete such a complex project demands plenty of organisational and working skills that we have had to develop during this time. Secondly, we have had the possibility to travel. Thirdly we have made some really good friends abroad. In summary, it has been quite a beneficial experience.

Because I've known new people and beautiful places, having funny moments at same time.

Because i have improved my english and i have known a lo of people

It has been a positive experience because we have met a lot of people from another countries and we have learned a lot of geocaching as we have improved our english.

Because you work in a different experience and you meet people of other countries or cultures

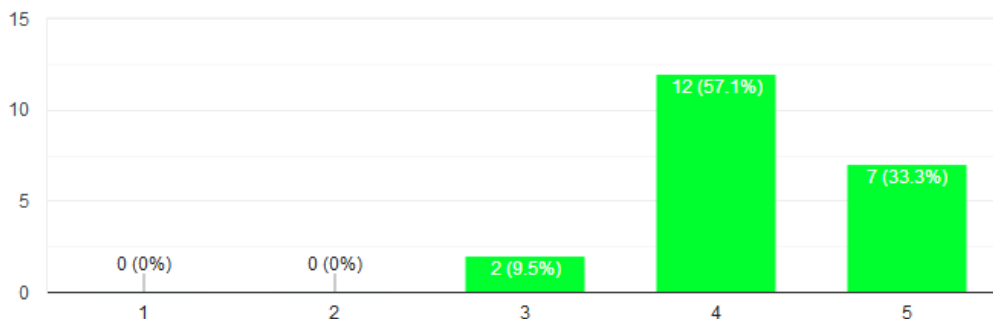

This experience has been very satisfactory because I have learnt too much and a very good experience.

I improved my english, my knowledge and i met beautiful persons and saw good spot.

of course it was a wonderful experience because the pretext of geocaching made us travel in countries and meet some incredible people and discovers new cultur

I would like more activities but we have only a week and it's necessary free time

maybe more visits that made us discover the history of the country

12A The accommodation with the host families has been a positive experience

21 responses

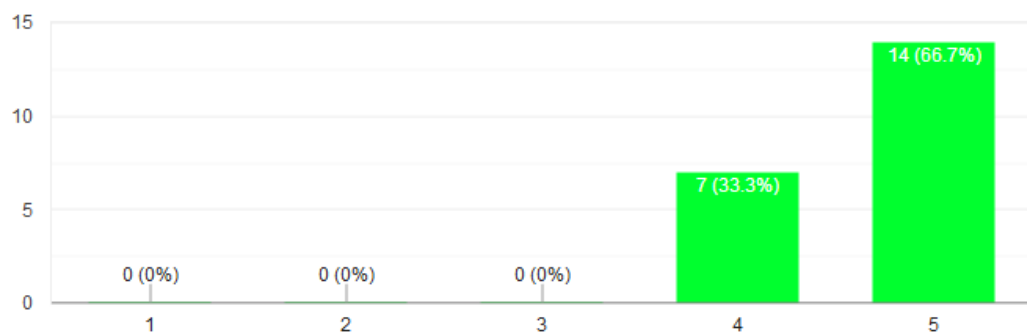

12B Why? Why not?

6 responses

The family where I staid was so nice
Gave more chances to get involved in hosts' culture and to speak English
Because they were nice people
Because they were very friendly and i have practised english with them
Because they were very hospitable and they take me to differents activities that it isn't in the program
the family of Davide (in Italia) was wonderful and made me work a lot in Italian when i speak with them, and also in English when i speak to davide and all the people in the project

13A Do you think the mobility has contributed to the objective of the project and will help to achieve our final aims?

21 responses

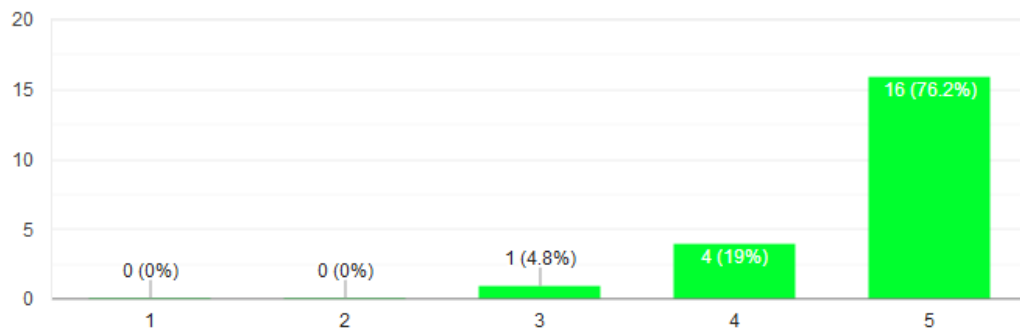

13B Why? Why not?

21 responses

- Because it's nice to try geocaching in others countries
- There is such New relationship now between international school and between People
- because in each mobility students from thr local school worked as experts.
- They were essential to give new ideas for an everyday improvement of the project, for its final success.
- Because we are making that geocachin became the hobbie of a los of people
- Because trevelling is a good way to improve our speaking (in English) and meet people from other different country.
- The idea was to learn about new places by doing geocaching, and that's what we did during the mobilities
- Because everything was well done and everyone made a great effort
- Yes, because we have managed to know different places even of our own people by means of an enterteining activity and in addition it has helped us to have more tranquility using the English with the others
- The mobility has contributed to the actual objective because, firstly, we were stood out thanks to the mobility. Moreover, It is a good idea to improve our english talking and searching messages with people who cannot speak our language.
- Most people love travelling to other countries in order to see breathtaking views, to take photos, to try different food, etc. So, this mobility has really attract our attention and our interest about the project.
- yes because we have achieved everything the professors proposed even more
- Yes
- Because having to work teams, create caches, etc, really helped us to developed plenty of skills
- Because the mobility has permitted link together the cultural things from some countries.
- Because we have meet each other
- I think that the mobility has been a positive experence because we have learned a lot about others cultures, we have made a lot of friends as we have learned about geocaching and we have improved our english skills
- Because you can speak only in English, so you get better your skills
- This movility is very good because I know very people.
- We have met each others, learnt from everybody and geocaching together, what else ?
- yes it helped a lot because the aim of the project was traveling and meet new people through Geocaching, and it's done now and i'm verv happov about it

14A Would you like to take part in a new Erasmus Project in the future?

21 responses

14B Why? Why not?

21 responses

- To visit more countries and to meet more people
- Of course i'd love to, i've learned to undstand other cultures, languages and I learned how to work in group
- opening up to a new partnership will help to maintain the roots of our common civilization and learning the opportunities
- Such oportunioes cannot be missed both for students and for teachers' improvement in all field (teaching, personal growth...)
- Probably yes but when I have not to study as now because i have lot of things to do. But in a future i surely will take part of it
- Because this has been a good experience for me for the reason that I have been able to travel, meet very different new people and improve my English at the same time. That's why I would repeat the experience if I had the chance.
- It was a great and funny experience, which also allowed me to travel to another country. Also, the work to do wasn't really hard. Therefore, I see no reason to not get involved in any other project like this
- Because it has been a great experience and I would like to repeat it
- In my opinion, it has been a good experience for my, to know things on our city and the one that I have visited,

but it is an activity that there needs a lot of teamwork and individual, witness, creativity and with the studies it has been difficult to me to dedicate him a bit the necessary time

Yes, I would because I find quite interesting, usefull and ,beside, amusing the experience. I can have learnt and spent good time at the same time. So, if I could, I would take part in a new Erasmus Project.

I would love it since it is a unique experience in which you meet wonderful people and their cultures. Also this project gives you the opportunity to travel to other countries and to know the world in a different way as you do it on a family trip.

Yes of course, i have had a nice experience where i have learnt a lot about this activity and also i have known a lot of wonderful person, so defenetly i would repeat it

Because this experience have been quite fulfilling and I haven't found any problem during the process. In fact, most of its aspects were positive. Therefore, I would love to jump into any other project like this.

Yes because i have enjoyed a lot with the parthers and finding the caches.

Because it has been a very good experience

Yes, I would like because I want to repeat this experience and in this way improve my english and learn about others cultures.

You have to do a lot of work, and probably you have some problems like us but it's a great opportunity to travel around Europe and meet the population of our continent

Yes, because this experience has been very satisfactory and I will repet in the futur! This proyect has been very good.

It's such a super way to open our mind, meet people from other countries, discover new cultures and places and keep wonderful memories

yes of course i would like so because it has shown me so much beautiful things that i wanna go back at it again, and also because discover new countries and new people is always very exciting, and it's a good occasion to practice my english, which will be an important thing in my futur job
